

Search for “Spaces by Wix” or “Spaces: Follow Businesses” in the Google Play Store or iOS App Store.

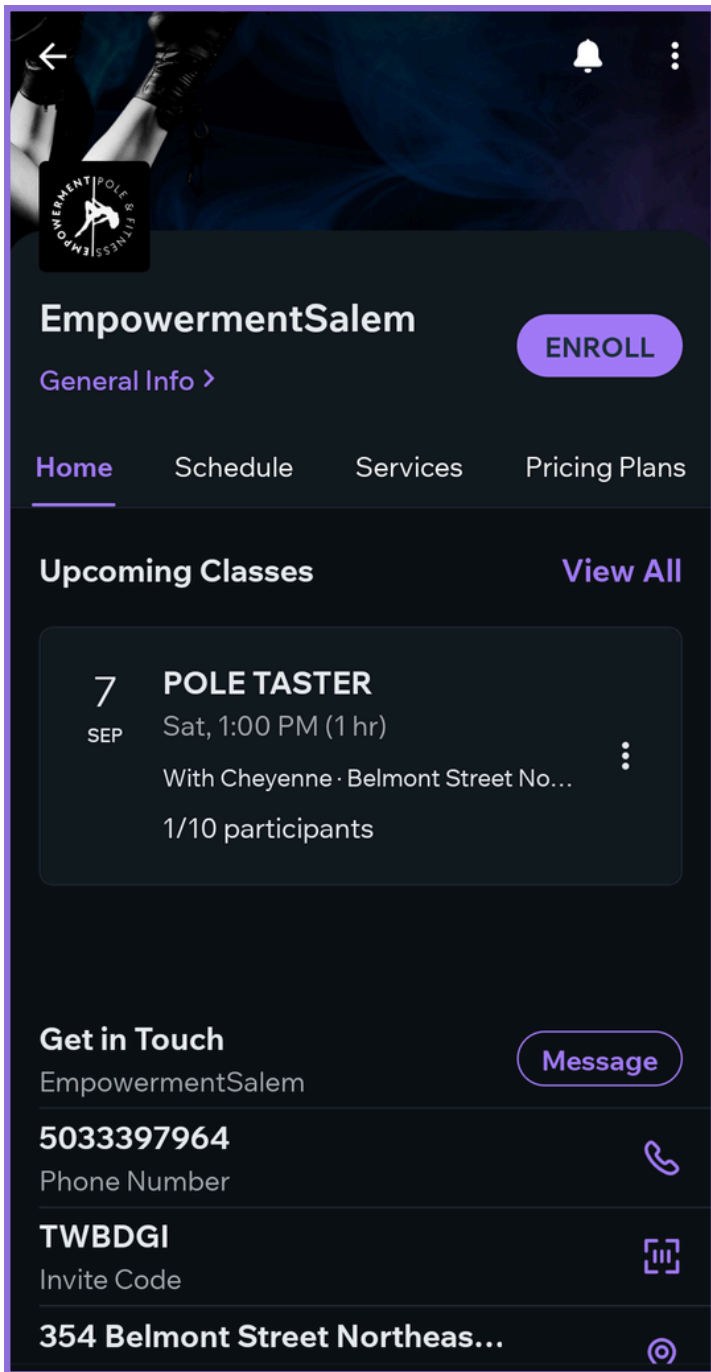

After downloading the app, you can create an account or login to one you’ve already made. You can also use invite code TWBDGI to find us directly!

Once you have an account with us, the EmpowermentSalem site will always appear under “MySites” for easy access.

Please note: the lower menu displays options for your account across multiple Wix sites.

Double check while browsing that you are still navigating on the EmpowermentSalem page!

From the EmpowermentSalem home screen, you can

- view any upcoming classes you have already scheduled,
- message us to get in touch about any questions you may have
- share the invite code to easily help your friends find us in the app
- view and book classes using the scroll bar to select “Schedule”, “Services”, or “Pricing Plans”

## Waitlists

If you are interested in a class session that is full, you will have the option to join the waitlist exclusively through the app!

**Be sure to turn on your notifications** (top right corner) to be notified when a spot opens up! There is a 6-hour window to join the roster until the spot is offered to the next student on the waitlist.
